E-CONNECT

The E-CONNECT is the centrepiece of the system. The module is connected to a 12 volt supply and receives data which is sent to your smartphone via Bluetooth. With the aid of the user-friendly E-TRAILER app you can then access essential data about your caravan at your convenience. Also included in the contents are the E-LEVEL and E-VOLT modules, which are activated simply by scanning the QR code.

E-SWITCH

With the E-SWITCH module you can easily check to see if windows, doors or roof hatches are open. If they are, an alarm will sound on your phone as you pull away.

E-TEMPERATURE

With the E-TEMPERATURE module, you can permanently monitor the temperature and humidity in your refrigerator, allowing you to adjust them as required. Thanks to the E-TRAILER app, this task could not be simpler. Spoiled groceries will be a thing of the past!

E-PRESSURE

With the E-PRESSURE module, you can keep track of the current tyre pressure and tyre temperature, even while driving. To install E-PRESSURE, simply replace your current valve caps with the new E-PRESSURE valve caps.
