

TANDERO MODEL YEAR 2022

EN

DATE: JANUARY 2022

PARTICULARLY CHARACTERFUL:
THE LMC TANDERO

QUALITY. TRUST. AT HOME. **LMC**

IMPRESSIVE FROM THE INSIDE AND OUTSIDE

A FEEL-GOOD **CARAVAN**

The Tandero is our latest caravan model range with five layouts in total, including one with beds for the kids. It is the ideal caravan for couples who particularly appreciate exceptional interior design. With its spacious dinettes and four potential single and double bed sleeping berths, it also offers plenty of space for guests.

With over 65 years of experience, we at LMC make dream holidays come true. We always approach the design process with an open mind and dedicated commitment, spot the latest trends and realise them with passion and enthusiasm, which is also how the Tandero was created. Discover our newcomer in the „Japandi“ design, a mix of Scandinavian and Japanese influences.

FEEL COMFORTABLE AND LIKE
AT HOME

The modern „Japandi“ design in a taupe finish creates a fantastic ambience by cleverly combining square with round elements. Highlights such as the mirror at the entrance or round wall elements in the sleeping area add a unique charm to the Tandero. Experience the cosy atmosphere at sundown as night falls, and wake up relaxed at sunrise.

The Tandero will easily accompany you to wherever you want to go, because we want you to feel like at home on the road. That is why we focus on design- and functionality-oriented interiors with plenty of storage space and surfaces that are beautiful as well as practical, as well as many convenient details that make your holiday easier.

STRONG DETAILS
AND CAPTIVATING
CHARM

MINIMALIST AND **UTTERLY MODERN**

Together with the handleless furniture design (including anti-fingerprint coating and soft-close drawers), the natural fibre blinds and open shelves emphasise the particularly characterful combination of shapes and materials. They make the Tandero a very special caravan.

Upholstery in stone and earthy shades are incredibly easy to combine with your own choice of decorations and add soft colour accents to the Tandero.

HOLIDAY TASTES **THIS GOOD**

Good food is simply a must on holiday. Relax and cook in your caravan before you enjoy your meal together in the cosy ambience of the spacious dinette. None of this is a problem in the Tandero, thanks to the well-equipped kitchen including, which always comes with a three-burner hob, a large compressor refrigerator and cupboards with large soft-close drawers.

Our Tandero offers the perfect conditions for a gourmet holiday. Plenty of storage space has been created in the aesthetic and modern ambience of the washroom with a spacious cupboard with shelves, a practical integrated towel rail and a large mirror – so you can check whether you look good from head to toe.

EVERY-
THING ON
BOARD
YOU
MIGHT
WISH FOR

WELL-THOUGHT-OUT AND CLEVERLY DESIGNED

INTERIOR HIGHLIGHTS

- The end single beds, arranged lengthwise, effortlessly convert into a double bed as they are equipped with castors (option).
- A special kind of indirect lighting in the Tandero package: You'll see a sunset like this only in the Tandero with „Japandi“ design.
- Elegant details such as the round mirror in the entrance area ensure that you live and feel like at home.

- The handleless design is stylish, practical and comfortable to use.
- No fingermarks on the surface finishes thanks to anti-fingerprint coating.
- Modern, fade resistant upholstery fabric with a good abrasion rating and optimum non-pilling properties.
- Open shelves offer plenty of storage space and can be used to display own decorations.
- New, clever washroom design including cupboard with shelves and towel rail.

BORN FROM A PASSION FOR CARAVANNING

Simply taking off and enjoying the most wonderful moments of the year. With a vehicle from LMC, you can look forward to doing precisely that whenever you want.

At its production site in Sassenberg, Germany, the creative caravan manufacturer builds modern, future-proof and light engineered caravan, motor-home and camper van models with well thought out layout options that meet all requirements, and plenty of features that reflect the engineering skills Germany is famous for. Our highly-qualified staff know exactly what matters. As passionate campers, we make every effort to ensure that our vehicles are so well designed in terms of quality, safety and comfort that they meet our own high standards. To make sure that all you have to worry about is rest and relaxation, they feature clever technology and functional solutions both inside and out. All LMC components are designed with durability and value retention in mind – your investment into an LMC is therefore a sound choice.

WE MAKE IT **EASY FOR YOU**

Our engineers rely on cleverly designed lightweight furniture and use a well thought out mix of materials and special light engineered components to guarantee that you benefit from a generous user payload.

Across all of our model ranges, we create clear structures and provide transparent information to make it as easy as possible for you to choose the LMC that's right for you.

„During the development, we always consider everything from the perspective of the user. That explains the high-quality and clever design of our habitation spaces.“

MARINA HAUBRICH, Product Manager

QUALITY YOU CAN RELY ON

LMC stands for outstanding quality, reliability and long-lasting value. We use advanced production technologies to be able to guarantee all three. For added security, we give you our unique quality promise: a twelve-year water ingress warranty.*

See our homepage www.lmc-caravan.de for more information, or ask your dealer.

* All LMC caravans come with a twelve-year water ingress warranty, provided the vehicle is serviced annually by an official LMC partner (service charges apply).

IMPORTANT INFORMATION

All accessory prices are for factory installation. Subsequent installations are subject to additional costs. Any change to the factory settings of your vehicle can lead to impairment of driving or road safety. Accessories recommended by us and original replacement parts have been specially developed for your vehicle and approved by us. Your LMC dealer carries these products; he/she is informed of permissible, technical particulars, and performs the necessary work in a competent manner. Accessories, fixtures, conversion or assembly parts that have not been approved by LMC can lead to damage to the vehicle or impaired road safety.

Even if there is an expert opinion from a specialist regarding the part, a general operating licence for the part, or a type-approval certificate, this does not presume the proper constitution of the product. Please understand that no liability can be assumed for damages caused by products that have not been approved by LMC, or by unauthorised modifications.

The weight in roadworthy condition (1) corresponds to the series design without optional extras. Installation of optional extras increase the weight of the caravan in roadworthy condition (1), and the cargo load is reduced accordingly (2). Please take the weight of the optional extra into account with regard to the cargo load (2).

Changes to prices, technical data, fixtures and furnishings, as well those regarding creative aspects, remain reserved. Information about scope of delivery, appearance and services, correspond to the information available at the time of printing. Deviations of +/- 5 % are possible in measurement and weight data.

The cargo load (2) derived from it can vary correspondingly. Our weight information complies with requirements of EC-Directive 661/2009 and Regulation (EU) 1230/2012.

For safe operation of 12 V devices in the caravan while driving, it must be ensured that the towing vehicle has sufficient voltage. With some vehicles it is possible that the vehicle's battery management switches the battery consumption unit off for protection. Obtain information about this from your vehicle manufacturer.

Corresponds to the current status at the time of printing. We reserve the right to technical modifications to the construction and outfitting, deviations to the colour, or mistakes, colour deviations, are partially print or lighting related.

Some illustrations include optional extras subject to extra cost.

All prices are recommended retail prices in euros, incl. statutory value added tax ex works LMC.

The validity of all previously published price lists expires with the publication of this price list. Valid from 01/01/2022.

FOOTNOTES

- 1) This weight includes the standard design dimensions according to manufacturer information: Liquid, such as fresh water, gas (aluminium bottles) at 100 % and cable drums, without optional extras. This corresponds to a weight of approx. 36 kg.
- 2) The cargo load must not be exceeded by personal equipment and optional extras.
- 3) Installation in front of axle. This enables the spare wheel holder under the chassis.
- 4) The skylight in the washroom is omitted with the optional extra of the pop-up roof. The washroom window is standard equipment. In addition, the roof hood and/or roof hood Midi Premium is omitted. Usage of the pop-up roof is not recommended in winter.
- 5) Only in combination with pop-up roof insulating mat for buttoning into the pop-up roof.
- 6) Single beds can be connected to form a double bed, additional mattress element included.
- 7) Flatscreen holder ex works mounted (only TV-spot 1).
